**Subject:** Expression of Interest in the Jigyasa Project

**Reference:** Your proposal on 25/12/2024

**Mr. Trivedi,**

We acknowledge the receipt of your proposal regarding the Jigyasa project, an innovative search engine concept designed to enhance information retrieval and security applications. After a thorough review of your submission and credentials, we find your project highly relevant to our ongoing initiatives in cybersecurity, artificial intelligence, and strategic digital defense.

As a Cyber Security Expert, Software Developer, and Cyber Commando Training Program participant at IIT Kanpur, your expertise aligns with our objectives for strengthening India's cyber defense infrastructure. Additionally, your experience as the Founder & CEO of DDI further reinforces the technical and operational viability of your proposed solution.

**Project Evaluation & Next Steps:**

Our internal evaluation committee has identified potential applications of Jigyasa in the following areas:

- Secure and efficient data retrieval for defense intelligence operations
- Enhanced cyber threat analysis and mitigation
- AI-driven strategic information processing

In view of the above, we express our official interest in further exploring this project for potential collaboration and implementation. We would like to schedule a detailed technical discussion and demonstration meeting at your earliest convenience. Kindly coordinate with Dr. Sameer V. Kamat at [diitm.hqr@gov.in](mailto:diitm.hqr@gov.in) to finalize the schedule.

We appreciate your initiative and look forward to a productive engagement in advancing India's defense technology capabilities.

Yours sincerely,

Dr. Sameer V. Kamat
